

A scenic landscape of rolling green hills in the Cotswolds, England, with a misty atmosphere and a winding road. The hills are covered in lush green grass and scattered trees. A narrow road winds through the center of the image, leading the eye into the distance. The sky is hazy, and the overall mood is peaceful and serene.

"We understand how important this decision is to you. We are here to help you every step of the way"

Some things to consider before making your choice:-

Regulations

Churchyards and cemeteries have regulations which govern the size of memorials as well as the materials and designs. Please do speak to us for advice on the specific regulations of your cemetery.

Materials

This brochure gives examples of granites, marble and other natural stones. Each of these materials has individual characteristics which are important to know before making your choice. For example; Granite will weather better over time than sandstone, marble may stain easily especially in certain circumstances, some granites are more porous than others and will become darker when wet etc. We can offer guidance on all of these materials and their suitability to your needs.

Lettering

You will see different examples of lettering as you read through the pages. The use of gold leaf for the inscription is common however painted letters, raised bronze letters and flush lead may also be considered in certain situations. Again our expert advice will ensure that you are fully informed on the choices available to you.

Maintenance

Understanding the maintenance requirements of different materials may help you make the right choice at the beginning of the process as well as ensuring that your memorial stays in the best possible condition over the coming years. Please do ask us about this aspect of your memorial.

Your needs are as unique as the person's life you are commemorating. Our expert advice and guidance will help you to make the choices that are right for you.

Inscription Wording

Finding the right words for your memorial can be difficult. This section offers some guidance which we hope will help.

Please be aware that Churchyard and Cemetery regulations may restrict your inscription choices. If you are not aware of the restrictions that affect your memorial we will do our best to help.

CNC Carving

Traditional masonry skills can now be enhanced by modern technology. Computer aided design and modern machinery produce precision relief carvings at affordable prices. We offer an extensive range of beautiful designs and can also reproduce bespoke works of art to create a memorial as unique as the person you're commemorating. The resulting 3D carvings can be left as natural stone or painted by our team of highly skilled artists.

CNC Lettering

The same modern technology can accurately reproduce 'V-cut' lettering, a deep profile inscription which has significantly more impact than traditional sand-blasted letters.

Memorial Designs

The addition of artwork on a memorial can create a unique and fitting tribute. Our team of skilled artists and masons can combine a number of techniques to produce high quality designs appropriate to the person being remembered. The following examples represent just a small number of the designs available.

Sandblasting and Laser etching remain the most common method of producing an image. These designs can then be highlighted or painted to create something personal and meaningful.
